Service Beyond Analysis

AGAT Laboratories is a full-service laboratory with locations across Canada. We are the most diversified laboratory in Canada; our scientists are highly-skilled and specialized in the fields of biochemistry, chemistry, microbiology, geology, engineering and other specialty services. With a broad range of staff experience and state-of-the-art instrumentation, we provide cross-analytical solutions for the **Environmental, Energy, Mining, Transportation, Industrial, Agri-food and Life Sciences** sectors.

Lab Supervisor

We are seeking a Supervisor to join the ranks of our Environmental team in Calgary, Alberta. Working in the Inorganics group, you will be responsible for the following:

- Review chemical reports for their accuracy and consistency based on known scientific relationships.
- Monitor and help maintain quality control processes in the lab.
- Monitor turnaround times and investigate delays in file throughput.
- Develop and maintain a positive work environment for employees.
- Manage time cards and vacation coverages
- Perform root cause analysis of any non-conforming events and investigate ways to improve current processes.
- Perform repairs on instrumentation and assist with method development.
- Work on research and development projects and coordinate their completion through the lab.

Qualifications

- BSc in Chemistry or higher, pChem preferred.
- Minimum 5 years of experience in a laboratory environment. Hands on experience with relevant laboratory instrumentation preferred (some examples include: Ion Chromatography, ICP-MS, ICP/OES, discrete colorimetric analyzers).
- Minimum 2 to 4 years of experience at a senior level in a leadership/supervisory role.
- Excellent understanding of the quality requirements of ISO 17025 certification.
- Skills: problem solving, communication, coaching, organization, time management, and recruitment.
- Commitment to the production of accurate and timely results as our clients have come to rely on us for.
- Strong computer skills an asset

AGAT Laboratories would like to thank all applicants, however only candidates selected to interview will be contacted. Send your resume and your cover letter in Word or PDF format via <http://www.agatlabs.com/careers>. Please indicate in the comments line what position you are applying for.

Thank you for your interest in AGAT Laboratories.
